The Quiz involves a set of statements relating to school bullying. You are asked to indicate whether you think each statement is true or false by placing a tick in the appropriate column.

In some cases you may not feel sure, but please make up your mind as to what you think is probably the case. Try not to leave any unanswered.

Your name is not needed but we are interested in whether you are (i) a teacher (ii) a teacher and a parent or (iii) a parent and not a teacher. Also whether you are male or female.
